SUMMARY

Frontend Developer with 2+ years of experience building scalable, single-page web applications with React.js and Angular. Strong in component-based architecture, Redux and Zustand for state management, and REST API integration. Experienced writing automated unit and functional tests (Jest, Vitest, React Testing Library) and building cross-browser, responsive UIs across devices. Comfortable across the MERN stack, with backend exposure to Node.js and Express.js.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), TypeScript, Redux, React Router DOM, React Hook Form, Angular, Zustand, HTML5, CSS3, Responsive & Cross-Browser Design, Tailwind CSS, Webpack, Axios, Zod, Shadcn UI, Framer Motion.
Backend: Node.js, Express.js, RESTful APIs, OAuth 2.0, JWT Authentication, Stripe.
Testing: Jest, Vitest, React Testing Library — unit and functional testing, test coverage.
Database: MongoDB, Redis, SQL, MySQL.
Version Control & Tools: Git, GitHub, Postman, NPM, Vite.

WORK EXPERIENCE

Frontend Developer | DAPS Software **December 2024 - Present**

- Built and maintained scalable single-page applications (SPAs) using React and Angular, participating in daily standups with the team to align on task priorities and deliver production-ready features on schedule.
- Implemented automated frontend testing (Jest, Vitest, React Testing Library) covering component rendering, user interactions, and validation flows.
- Ensured cross-browser and cross-platform compatibility through responsive design and manual testing across devices, while integrating REST APIs, handling form validation and error handling, and collaborating with backend teams on feature delivery.

Frontend Developer Intern | DAPS Software **May 2024 - November 2024**

- Built UI components in Angular and React, fixing UI bugs and improving performance and usability.
- Wrote unit tests using Jest and React Testing Library, and used Git for version control in a collaborative team workflow.

Web Developer Intern | Acuity Educare Pvt. Ltd **June 2023 - December 2023**

- Completed a 6-month training-based internship program focused on web development fundamentals. Attended training sessions, learned programming languages, and completed assigned project tasks.
- Participated in weekly follow-up meetings and gained practical experience in web development.

PROJECTS

QuickBite – Online Restaurant Platform - [Link]
React | TypeScript | Zustand | Node.js | Express.js | MongoDB | Stripe | Socket.IO | Redis | Tailwind CSS

- Architected a full-stack food delivery platform using React, TypeScript, Node.js, and MongoDB, integrating Google OAuth 2.0 / OpenID Connect SSO with a 4-tier RBAC system (User, Restaurant Owner, Rider, Admin) and Stripe Checkout webhooks with pricing snapshotting for idempotent order processing.
- Engineered live delivery tracking using Leaflet interactive maps, dynamic polyline routing, and Socket.IO for real-time rider-to-customer dispatch; optimized API response times via Redis caching & rate limiting, structured persistent state with Zustand, and implemented automated test suites using Jest & React Testing Library.

JobHive – AI-Powered Job Portal Platform - [Link]

React.js | Redux Toolkit | Node.js | Express.js | MongoDB | Google Gemini AI | Socket.io | Redis | Tailwind CSS

- Engineered an AI-driven recruitment engine integrating Google Gemini AI & pdf-parse to automate multimodal PDF resume ATS parsing, candidate skill-gap scoring, and job description drafting, scaling throughput with Redis caching and hardening endpoints via IP rate limiting, Helmet, express-mongo-sanitize, & Zod.
- Developed real-time recruiter-candidate live chat and push alert feeds with Socket.io, integrating an interactive dual-mode Kanban applicant tracking board with interview scheduling, a visual 5-stage candidate application stepper, and Recharts analytics managed via Redux Toolkit & Redux Persist.

EDUCATION

Sheth N.K.T.T. College of Commerce & Sheth L.T.T. College of Arts, Thane West **2023**

Bachelor of Science in Information Technology (BSC.IT) - **8.97**

New English School & Junior College, Thane West **2020**

Class XII (H.S.C) - **72%**

SMT S.M.J English High School & Junior College, Manorama Nagar, Thane West **2018**

Class X (S.S.C) - **67.60%**

CERTIFICATES

- Full Stack Developer — More Academy | Feb 2024
- Web Developer Internship Certificate – Acuity Educare Pvt. Ltd | Dec 2023
